2011-2012  
School Year

Welcome to the 2011-2012 school year!

We would like to take this opportunity to let you know how happy we are that your child is on Team Harvard. This will be a year of transition for your child. Instead of one classroom teacher, your child will have five core classroom teachers plus two Unified Arts teachers. Learning how to be organized and adapt to different teaching styles is key to a middle school student's success. It is our goal to help your child be successful both academically and socially. Also, communication between home and school is important. Please do not hesitate to contact us should you have any questions or concerns about your child.
